6. Resolutions/Ordinances

- a. *Resolution No. 2009-02*

Chief Pavone informed the Board that the District must update its resolution annually to participate in the Fire Mitigation Fee Fund program administered by the County of San Diego. He reported that the fee set by the County of San Diego Board of Supervisors would remain the same for next fiscal year, 46 cents per square foot for new construction.

MOTION BY DIRECTOR HILLGREN, SECOND BY DIRECTOR MALIN, and ADOPTED Resolution No. 2009-02 entitled a *Resolution of the Board of Directors of the Rancho Santa Fe Fire Protection District to participate in the San Diego County Fire Mitigation Fee Program* on the following roll call vote:

AYES: Ashcraft, Hickerson, Hillgren, Malin, Tanner
NOES: None
ABSENT: None
ABSTAIN: None

- b. *Resolution No. 2009-03*

Chief Pavone informed the Board that this resolution required by the County of San Diego must be renewed annually. If adopted, the special tax remains at \$2.50 per benefit unit for FY 10.

MOTION BY DIRECTOR HILLGREN, SECOND BY DIRECTOR MALIN, and ADOPTED Resolution No. 2009-03 entitled a *Resolution of the Board of Directors of the Rancho Santa Fe Fire Protection District Establishing the Benefit Charges for fiscal year 2009/2010* on the following roll call vote:

NOES: None
ABSENT: None
ABSTAIN: None

7. New Business

- a. *Agreement for Professional Services*

Ms. Rannals summarized the staff report provided. She reported that the County of San Diego has been processing the special tax assessments for the annual property tax roll for over 25 years. Since receiving notification that they will not be collecting, she has been attending meetings with other fire districts within the county to determine a qualified vendor to provide the services. The proposed contract between Willdan Financial Services and the District for Special Tax Administration is for three years, with two (2) one (1) year options to renew. Staff responded to questions from the Board.

MOTION BY DIRECTOR HICKERSON, SECOND BY DIRECTOR TANNER, CARRIED 5 AYES; 0 NOES; 0 to approve the contract between Rancho Santa Fe Fire Protection District and Willdan Financial Services for Benefit Fee Processing and authorize the Board President to execute the document.

b. Budget Authorization

Chief Michel summarized the staff report provided. He reported that the FY09 Capital Budget included the planned purchase of replacement Thermal Imaging Cameras. The cameras to be purchased are the Bullard T320 at a cost of \$11,201.25 per unit. The current cameras, (Draegers), are over fourteen (14 yrs) old, heavy, large and use outdated technology. Due to the increase in California sales tax, the cost for the cameras went from \$20,000.00 to 22,402.50.

MOTION BY DIRECTOR HICKERSON, SECOND BY DIRECTOR HILLGREN, CARRIED 5 AYES; 0 NOES; 0 to authorize the purchase of two thermal imaging cameras and fund the expenditure from the general fund.

c. Ad Hoc Committee Appointment – Audit

Ms. Rannals informed the Board that the audit firm has scheduled their first meeting with staff on May 21. She requested that the Board President appoint an ad hoc committee to meet with staff and the independent auditor to begin the FY09 financial audit.

President Ashcraft appointed Directors Malin and Tanner to the ad hoc committee for the FY09 financial audit.

d. LAFCO 2009 Special Districts Election

Chief Pavone informed the Board members that to elect representatives to the LAFCO Committee and Special District Advisory Committee, the District must authorize a board member to cast the ballot. He requested that the Board of Directors authorize the Board President to cast the ballot on behalf of the Fire District

MOTION BY DIRECTOR HILLGREN, SECOND BY DIRECTOR MALIN, and CARRIED 5 AYES; 0 NOES; 0 ABSENT; 0 ABSTAIN to authorize the Board President to cast the ballot on behalf of the Fire District uninstructed.

8. Oral Reports

a. Fire Chief – Pavone

He reported on the following topics:

- Fairbanks Ranch Replacement Fire Station – Update: the project is progressing and Ali Shapouri, project consultant will submit a revised plan within the week. He anticipates receiving approval in 4-6 weeks. He continues meeting with representatives for Horizon Christian Church regarding the site agreement for a temporary fire station in the church property.

Dear Rancho Santa Fe Firefighters,

7 weeks ago you came to my house to help me after a dirt bike accident. Thanks to you I was safely taken to Rady's children's hospital where I was also well taken care of. while my right arm still remains in a cast it is getting better. This has not been the first time you came to my rescue!!! My family and I would like to take this opportunity to thank you with this basket off goodies. I hope all of you will enjoy it!! While i really like knowing you are there to keep me as well as the rest of this community safe, I hope I will have the opportunity to see you under more fun events.

Sincerely yours,

specific set of uses, into a totally dissimilar one.

Let's assume, for the moment, that the present wing is of sufficient size and is adaptable for a new library. Is there room to add the additional parking a library would require? Is it a good idea to cannibalize the art center's campus by displacing one of the region's finest museums and gallery venues and a growing Children's Museum?

We shouldn't have to sacrifice one important learning and cultural resource in our community at the expense of another, no matter how critical the need is for a new library. The museum is a unique cultural and educational venue for Escondido. Our community's children and adults are enriched in very unique ways by a facility that's not available anywhere else in North County.

Displacing the museum would say that we either can have a library or a museum, but not both. That's not what Escondido's voters said in 1985 when they approved construction of the present-day arts center.

Moving the library would require a considerable amount of additional space to be constructed so the central question becomes: What would it cost to build a new library on the city-owned block where the present one sits versus retrofitting and adding to an existing incompatible structure at the arts center? New construction would be required under both options; so what are the real — not just hoped for — cost savings?

Cramming a new library onto the CCAE campus would not solve or even alleviate the financial challenges the center faces to any worthwhile degree. In fact, the uses that would be eliminated generate revenues. The facilities having the greatest impact on the center's financial health are the two theaters and conference center. Optimize those assets and we will have cured most of the center's fiscal woes.

We need to promote — not try to shut down — the major educational and cultural center we have today, including its museums. At the same time, we need to redouble our efforts to reduce the financial drain the over-

them. Yet, the rest of us must take our chances every time we drive on that road.

How many lives will be senselessly wiped out before Caltrans either comes to its senses or someone over-seeing that agency does so?

The other part of emergency call

A dear friend of mine died unexpectedly. My wife and I were the first to arrive at the scene after the emergency vehicles. Apparently by the time emergency personnel arrived, even though they had responded instantly, he was already gone.

I am certain that this scene plays out every day in homes throughout the country. But I saw something up close that I had never seen before. We expect emergency squads, the police, fire and paramedics to perform life-saving work and do it well. But something else remarkable happened there.

Every member of the Sheriff's Department and the Fire Department (Rancho Santa Fe) demonstrated such sincere sympathy, understanding and patience. They lingered after their services were no longer needed. They arranged for a visit from the Trauma Intervention Program, which likewise provided extraordinary help and consideration in such a devastating time for our friend's widow.

We are fortunate to live in a community in which those charged with

Painting a clearer picture on Twin Inns

I enjoyed reading Michael Burge's article about rediscovering art. Since some of the facts concerning the Twin Inns and the paintings were a little skewed by the article and Carlsbad Historical Society, I thought it might be of some interest to clarify them.

There were eight of the "22-foot-long" paintings, one for each bay of the octagonal dining room. All were hung in frames from the ceiling, not "nailed to the walls." J. Morton Patterson, a local artist whose decedents, I believe, still reside in the area, painted all eight landscapes together with several smaller oils, one of which is still in my possession.

What might be of more interest to the Historical Society were the two guest registers that were kept at the entrance to the dining room. They were (are?) large tomes in full folio binding, and contain dozens of names, comments and drawings from the notables of the Roaring Twenties and into the early '80s. Gus Arriola's drawings of "Gordo's Chicken" come to mind, as does Milton Caniff's strip, Steve Canyon. Caniff used Carlsbad and the Twin Inns for some of Steve's adventures. I hope these books also

might turn up someday in someone's attic!

Leaving a sour taste

To a neighbor in Fallbrook, we regret that your home may have been foreclosed upon, and that you were possibly evicted. We are sorry to find that your phone has been disconnected, and your house appears unoccupied. What we cannot understand is that with such obvious financial hardship on the horizon, why would you order \$80 of Girl Scout Cookies less than six weeks prior? Girl Scouts must turn in all cookie money, whether they are paid or not. Returning an unclaimed product is not an option. Not everyone can live by the Girl Scout law, but this is a tough dose of reality for an 8-year-old who now must do extra chores to pay for your cookies.

Dear Chief Pavone:

During the week of March 23-25, 2008, Captain Chris Galindo assisted the Carlsbad Fire Department with an Engineer Promotional Examination as a rater of the Parts Section.

I would like to extend my appreciation for Captain Galindo's participation and, more importantly, let you know that his performance in rating the candidates was outstanding and was a great asset to the exam process. Your department's participation will assist us in choosing the most qualified candidate.

Again, thank you for your assistance and I look forward to returning the favor.

STAFF REPORT

NO. 09-08

TO: BOARD OF DIRECTORS
NICHOLAS PAVONE, FIRE CHIEF

FROM: KARLENA RANNALS, ADMINISTRATIVE MANAGER

SUBJECT: GANN LIMIT COMPLIANCE

DATE: MAY 8, 2009

Pursuant to Government Code §7901, special districts may annually choose one of the following by a recorded vote of the governing body:

1. Cost of Living:
 - a. the change in California per capita personal income; or
 - b. the percentage change in the jurisdiction's assessed valuation, which is attributable to nonresidential new construction.
2. Population:
 - a. the change in population within the county;
 - b. the change in population within the unincorporated area of the county;
 - c. the use of specific formula calculations or estimates, permitted for mixed incorporated/unincorporated areas of special districts and/or special districts serving more than one county; or

Each year special districts should perform necessary calculations to determine if year-end proceeds of taxes subject to the limit have exceeded the limit. Preliminary calculations have been made for all revenue received to determine whether this district complies with the appropriations limits established for the current fiscal year. Preliminary calculations show that the district will comply with the appropriation limit.

The following recommendation is submitted for your consideration and/or action:

1. To select the change in California per capital personal income (.62%) for the Cost of Living Factor and the change in population within the fire protection district (1.32%). (A copy of the State of California Department of Finance Price & Population Data for Local Jurisdictions and SANDAG is provided).
2. The Board may choose to submit population documentation to State Department of Finance Demographic Research Unit for certification by June 1, 2009. Note: there may be a charge by the State for this option. If this option is selected, the District can modify the Gann Limit after supporting documentation is received from the Department of Finance.

May 2009

Dear Fiscal Officer:

Subject: Price and Population Information

Appropriations Limit

The California Revenue and Taxation Code, Section 2227, mandates the Department of Finance (Finance) to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction must use their percentage change in population factor for January 1, 2009, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2009-2010. Enclosure I provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2009-2010 appropriations limit. Enclosure II provides city and unincorporated county population percentage changes, and Enclosure IIA provides county and incorporated areas summed population percentage changes. The population percentage change data excludes federal and state institutionalized populations and military populations.

Population Percent Change for Special Districts

Some special districts must establish an annual appropriations limit. Consult the Revenue and Taxation Code, Section 2228, for further information regarding the appropriation limit. You can access the Code from the following website: "<http://www.leginfo.ca.gov/calaw.html>" check box: "Revenue and Taxation Code" and enter 2228 for the search term to learn more about the various population change factors available to special districts to calculate their appropriations limit. Article XIII B, Section 9(C), of the State Constitution exempts certain special districts from the appropriations limit calculation mandate. Consult the following website: "http://www.leginfo.ca.gov/.const/article_13B" for additional information. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. Any questions special districts have on this issue should be referred to their respective county for clarification, or to their legal representation, or to the law itself. No state agency reviews the local appropriations limits.

Population Certification

The population certification program applies only to cities and counties. Revenue and Taxation Code Section 11005.6 mandates Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **Finance will certify the higher estimate to the State Controller by June 1, 2009.**

Please Note: Prior year's city population estimates may be revised.

If you have any questions regarding this data, please contact the Demographic Research Unit at (916) 323-4086.

Enclosure

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost-of-living factor to compute their appropriation limit by a vote of their governing body. The cost-of-living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage change to be used in setting the 2009-2010 appropriation limit is:

Per Capita Personal Income	
Fiscal Year (FY)	Percentage change over prior year
2009-2010	0.62

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 2009-2010 appropriation limit.

2009-2010:

Per Capita Cost of Living Change = 0.62 percent
Population Change = 1.11 percent

Per Capita Cost of Living converted to a ratio: $\frac{0.62 + 100}{100} = 1.0062$

Population converted to a ratio: $\frac{1.11 + 100}{100} = 1.0111$

Calculation of factor for FY 2009-2010: $1.0062 \times 1.0111 = 1.0174$

STAFF REPORT

NO. 09-09

TO: BOARD OF DIRECTORS
FROM: NICHOLAS PAVONE, FIRE CHIEF
SUBJECT: STRATEGIC PLAN UPDATE
DATE: MAY 8, 2009

BACKGROUND

The Board of Directors adopted the District's first Strategic Plan in February 2005. In October 2006, a new committee was formed with representation from all departments within the District. The Strategic Planning committee worked together for many months to review and update the plan. The board adopted the new plan in September 2007.

CURRENT SITUATION

The 2007 plan was scaled down from the 2005 plan, although it contained approximately 60 items. These items were identified to be District priorities at the time of the plan adoption. As with any plan, numerous items have evolved since the adoption of the plan. The status of the 2007 approved plan is as follows (See attached detail):

ITEMS COMPLETED	ITEMS IN PROGRESS	ITEMS NOT STARTED
24	32	4

Of the four items that have not been started, three items are from the heading of "*An Organization that Works as a Team with the Communities and Customers it Serves.*" These items would be easier to address once there is further build-out and more information on community demographics. The fourth item is the recruitment of the additional admin staff position. This position has been on hold until the parking/office space issues are resolved.

As mentioned above, there are always additional items that present themselves that require a shift in priorities. The following is a list of the many items that have required staff to re-direct priorities and focus time and resources to deal with these items:

Telephone/voice mail systems upgrade	GIS- mapping and pre-plans
Updated/Enhanced employee evaluations program	Zone training programs
Mobile data computer project	Countywide parcel tax proposition
2007 Witch Creek Fire	FEMA reimbursement
2008 Fire siege and reimbursement process	New County RCS fleet map
VHF radio fleet map and reprogramming	Property tax collection vendor
Payroll program/vendor maintenance	Parking/office space issues

Although many of the additional items have been completed, some continue to be work in progress and will require additional staff time.

This information is provided with the intent to keep focus on the Districts Strategic Plan and give the Board and overview of the many projects/programs that District staff and employees are involved with.
